The NUDE Style and Design Vision

Contemporary

One of our missions is to design and create collections of lead-free* crystal glass specifically manufactured for the hotel and restaurant industry. Our focus is on delivering elegant, practical, and relevant solutions for the modern dining and entertaining experience; nothing more, nothing less.

Simple

NUDE believes simple is beautiful, that form is function, and less is more. This is equally true when it comes to the way we do business. We like to build straightforward, simple, and long-term relationships serving the needs and requirements of everyone involved.

Sensuous

NUDE takes pleasure seriously and recognises the importance of establishing a dynamic and vibrant atmosphere. Attention to detail is paramount, yet at the same time there must always be room for people to feel comfortable, to breathe. NUDE glassware supports and embellishes rather than overwhelms, the immaculate crystal adding a sense of refinement and beauty to any environment.

Experimental

NUDE is never afraid to take risks. We feel it is the only way of creating something inspirational. Individuality is important, and NUDE fearlessly investigates innovative ideas. We are constantly inquisitive and work hard to develop dynamic collaborations with artists and designers. At the same time, we make sure to retain a sense of simplicity and fun.

*NUDE Lead-Free Crystal Glass falls in the category 3 according to the European Directive 69/493/EEC (Crystal Directive) with no intentionally added lead.

A new era.... A new dining experience.

When it comes to precision glassware, NUDE offers a complete solution for the hospitality industry. Known for our design excellence, our portfolio delivers exceptional products. But we believe in simplicity. Nothing should detract from the skill of the chef or choice of the sommelier. The character of the restaurant should be enhanced by the elements it contains rather than dominated. NUDE glassware is therefore stunning yet subtle, made to blend perfectly with its surroundings, both honouring and adding to the ambience.

While working to deliver the perfect range of glassware, NUDE also focuses on practical requirements.

Our lead-free* crystal is designed to marry excellence with dependability and practicality. This respect for the realities of the hospitality industry lies at the heart of our relationships with our business partners.

Our dedication and services to hotel and restaurant professionals

*NUDE Lead-Free Crystal Glass falls in the category 3 according to the European Directive 69/493/EEC (Crystal Directive) with no intentionally added lead.

NUDE WINE

Our extensive range of wine glasses is something NUDE are both known for and are proud. We understand that people, like wine, are varied, with a multiplicity of tastes and needs. To celebrate that fact, we have created a wide selection of wine glasses—both handmade and machine made—that we feel serve every purpose.

NUDE is also aware of the requirements of the hospitality industry and constantly evolve its collections to suit the zeitgeist, attitude and location.

We passionately feel that the choice of glass enhances the drinking experience. It helps establish the dynamic, and finishes the table in a perfect way. NUDE wine glasses also add to the sense of ceremony and theatre. They engage with the emotions, intensifying a sense of conviviality. At the same time, NUDE never believes in being overprescriptive. Our products solely exist to enliven, encouraging any atmosphere to shine.

Our wine glasses are therefore made for a myriad of locales from the simple to the ornate, the relaxed to the refined. NUDE products illuminate the dining space, delivering a reliable and compelling set of qualities best suited to your needs.

What if it was possible to create a glass so fine, so elegant, so exquisite, that it could almost make you feel as if it didn't exist?

That nothing came between you and the enjoyment of your favorite wine.

It couldn't be done, surely?

Our designers at NUDE asked themselves the same question, but after a huge amount of work and dedication, they came up with the answer.

We call it... Stem Zero

Stem Zero is a simple and elegant range of highly refined glassware made to satisfy the most discerning wine connoisseur.

The glass is so fine and so light that it defies belief. Yet it is strong and reliable, suiting all manner of occasions, both formal and informal.

Such is the remarkable quality of the glass that it creates a sensation of weightlessness, that the wine is being held by an invisible force, allowing you to savour the aroma and taste of wine in a way that, until now, was considered unimaginable.

The result is a glass that feels no more than a whisper, a kiss on the lips, encouraging you to enjoy wine to the full.

Some look tough but are so fragile.
Some look fragile but tougher than
any other...

The Stem Zero with Ion Shielding Technology reinforces the previously delicate collection, making it twice as strong and flexible as other handmade glasses of similar thinness.

SALUTE

designed by NUDE Design Team

At a table bathed in the golden tones of sunset, a gentle gesture of togetherness: Salute. In Italian, the word means “cheers” — not just the clinking of glasses, but also a tribute to life itself, to the value of moments, and to the elegance of sharing. Salute glasses become more than vessels for serving; they stand as silent witnesses to the intimate moments shared around the table. With their timeless form, pure lines, and poised stance, each piece becomes a graceful companion to your celebrations. Salute is a greeting, a memory, an invitation. Every sip is a celebration, every touch a gesture of elegance. With Salute, tables transcend the ordinary and gain meaning through the moments spent together.

NUDE SIGNATURE COLLECTIONS

The Signature Collections are a series of ongoing dialogues between creative genius, exquisite materials and glass. NUDE offers the platform, process, craftsmen and the furnace. The design itself is manifested by the collaborating partner who brings their personal values to the process. The NUDE Signature Collections push the boundaries of what's achievable, questioning the creative possibility of things. In doing so, they deliver items that are both compelling and original.

Ron Arad

An icon as an architect and industrial designer, Ron Arad has always ignored the notion of formal disciplines and boundaries. He is a creator in the purest sense, his portfolio of work is a testament to his creative genius and free spirit. He defines design as 'the act of imposing one's will on materials to perform a function.' He is a constant innovator, questioning, challenging, rethinking and reinterpreting the objects that surround our lives. The Ron Arad Signature Collection for NUDE includes iconic pieces such as the Red or White, masterfully handcrafted in lead-free* crystal.

Ron Arad

*NUDE Lead-Free Crystal Glass falls in the category 3 according to the European Directive 69/493/EEC (Crystal Directive) with no intentionally added lead.

RED OR WHITE

designed by Ron Arad

A flirtatious range including a decanter, jug and two glasses. The way the glass leans mirrors the way people bend closer to hear a conversation or whisper a secret. The shape of the glass also makes reference to the tipsy-like state a party engenders. Also note the upside down wine glasses. No need to waste time when moving from white to red; a twist of the wrist and one can proceed uninterrupted.

NUDE DRINKS

As well as catering to wine and spirit drinkers, NUDE has also created a range of complimentary glasses for other drinks. These work as stand-alone items or as part of a set. NUDE feels it is important to deliver an integrated experience, where each element of glassware compliments the other. The glasses made for our soft drink range have of course been finished to the exact same high degree of specification.

ALBA

designed by Joe Doucet

'Alba' is Gaelic for Scotland, and this collection pays tribute to the spiritual home of whisky. The elegant glasses are punctuated by a hand-engraved and cleverly deconstructed tartan pattern. The decanters, also incorporating the ingenious tartan etching, are punctuated by a unique stopper which leans omnidirectionally, inviting the more dedicated whisky lover to point the stopper in the direction of Scotland.

ARCH

designed by Ali Bakova

A sophisticated yet witty piece of craftsmanship, the Arch whisky bottle, a set of two glasses, and a matching bowl, are a group of perfectly balanced items that seem to defy logic but sit solidly on any surface. The subtle curvature of the glass base reflects the delightful swirl of a single malt, creating a sense of energy to an activity often perceived to be placid. The pieces have a subtle interlocking design that allows them to fit together imaginatively.

PARIS

designed by NUDE Design Team

Paris is a handmade whisky collection made of crystalline glass, its design inspired by the Eiffel Tower, one of the great symbols of Paris. It offers an extraordinary drinking experience anywhere and anytime. Gently tapering from its heavily-weighted base towards the mouth, the glass captures aromas superbly. This balance between a heavy base and slim body result in a design that offers elegance as well as value, much like the Eiffel Tower itself. The specially-designed surface at the bottom of the glass also allows for beautiful handmade engravings. Paris is simple, elegant, and modern. In short, like NUDE itself.

WAYNE

designed by NUDE Design Team

The Wayne series consists of drinking glasses designed to underscore the aesthetic purity and radiance of crystalline glass. Each piece features a variety of reflections created by bold vertical scoring, equivalent to crisp pleats in a dress shirt. A horizontal channel at the bottom of each glass deepens the luminosity of each. Meanwhile, it clearly distinguishes the upper and lower elements of the objects and enriches the occasional overlay of cuts.

Fumo is a solid piece of crystal clear glass, heavy and demonstrative, smooth to the touch. It's a personal ashtray, perfectly sized to sit on an armrest or side table. The bowl of the tray itself precludes any chance of ash being spilled. The deep groove leading from the bowl to the edge, wide enough to sustain the most Robusto of cigars. For the dashing provocative woman, or the solidly stable man, the Fumo is a wonderful gift, and a beautiful adornment to any room.

PIGMENTO

designed by Studio Formafantasma

Studio Formafantasma emphasizes the manual genius and honors the traces left by the artisan’s hand during the crafting of its tableware. Pigmento reinterprets a traditional hand-making technique used to add hue to glass in the process of mouthblowing an object, an intuitive process that generates a different result every time. Through the milky material, amorphous accents of colourful pigments are blown, smoke-like, emphasising the serendipity and uniqueness of each piece.

FROMAGE

designed by NUDE Design Team

A hand-blown dome of transparent glass, the Fromage makes a stunning table display. Sitting on a circular slate base, the glass is in the form of a giant teardrop allowing air to circulate around the contents. A small vent blown into the glass prevents food from ‘sweating.’ As the domes are all handblown, not one of them is exactly the same.

NUDE ROCK & POP ARTIST COLLECTION

Like handblown glass—liquid and solid, brittle but unbreakable—humans are unique: Genetically, we're almost identical, but we differ in tiny ways that make each of us unrepeatable.

As a young, modern brand, NUDE celebrates singularity. We are endlessly inspired by the expressive potential of street culture and the myriad musical genres to which it has given rise. Street art and music are felt, not reasoned. They are languages that promote self-expression in infinite forms but, at the same time, are understood by anyone and everyone.

NUDE DECORATION

To complete the dining and hospitality experience, NUDE has created a number of expertly-made glass items which we feel add character and personality to the table. Still honouring the sensibility of simplicity and style, these items deliver the finishing touch. We passionately believe that glassware should be a dynamic part of the room, helping to create both atmosphere and theatre. These pieces reaffirm the notion that for NUDE, hospitality is not simply about catering, but creating.

EOS

designed by NUDE Design Team

Eos, a mesmerizing collection that redefines the elegance of tableware. This exquisite set, comprising two sizes of candle holders, napkin rings, and cutlery rests. Each piece in the Eos collection is handcrafted, showcasing the purity and clarity of crystalline glass. The inspiration behind Eos is the captivating fluidity of hot glass. This fluid essence is ingeniously captured in the design, where each curve and line flows seamlessly, reminiscent of glass in its molten state. The distinct lines etched onto the surfaces of these pieces are not merely decorative but are thoughtfully designed to manipulate light. As light passes through Eos, it bends and refracts, creating a play of light that is as dynamic as it is enchanting. Candle holder and cutlery rest are solid glass while napkin ring is mouth-blown. The candle holders, with their varying sizes, offer a versatile usage, elegantly holding candles and casting a warm, refracted glow that enhances any setting. The napkin ring and chopstick rest complement this dance of light, adding a touch of sophistication to the dining experience.

MEMENTO MORI

designed by Erdem Akan

Inspired by his Punk Rock roots, Erdem Akan has always been keen to mix the dramatic with the playful. While respecting the beautifully macabre aspect of the human skull, he chooses to place it on its side—as if sleeping—while at the same time making it useful. It's a bold statement, full of wit and attitude. The skull acts as a bowl, and what you decide to put in it—a simple flower, coloured candies, pens and pencils—allows you to make your own statement about life... and death.

MARS

designed by Pentagon Design

These three spherical-shaped vases are an homage to the planet Mars and its two moons. Mars, the fourth planet from the sun, has long captivated human imagination with its shades of orange and steel blue dominating its landscape. The orange hue comes from the iron-rich soil and steel blue can be seen in the planet's sky. These unique colors contribute to the planet's otherworldly beauty, reminding us of the wide diversity of colors and landscapes that exist beyond our own planet.

MOLTEN

designed by NUDE Design Team

Molten crystalline collection of vases stands as a testament to interdisciplinary innovation, combining traditional craftsmanship with 3D scanning technology. Originating from a handcrafted ceramic model, Molten transcends ordinary design boundaries. This mouth-blown vase collection is available in two distinct sizes; a bouquet vase and a floor vase. The smaller vase elegantly adorns tabletops with its refined presence, while the larger variant commands attention, becoming a centerpiece in any living space. Both sizes harmoniously blend to create a cohesive collection that speaks of both delicacy and strength. The design of Molten is intentionally shaped to be in harmony with the plants it holds. Its form, inspired by natural elements, aims to envelop the plants like a root, creating an organic and symbiotic visual. The molten-like texture of the vases captures the fluid dynamism of nature, paying tribute to the intricate patterns found in our natural environment. The production process of Molten acquires a deeper conceptual significance, as it unites glass and ceramics, materials that are both derived from the earth's primordial elements.

MIST

designed by Tamer Nakışçı

From the designer Tamer Nakışçı, this trio of vases are made in an extraordinary clear yet corrugated glass. The rippled effect creates an optical illusion reflecting the different colours of the contents in an almost magical way. Flowers particularly are beautifully presented in these vases, the undulation blurring the stems, bringing into focus the colour of the petals.

BERET

designed by Sebastian Herkner

Like the inimitable French headgear, these lidded vessels are remarkable for their elegant, effortless simplicity. Lids crafted from silky-looking brass close over softly tinted glass containers—in three sizes—like the tasteful toppers of the Basque people, who originated the beret.

NUDE LIGHTING

Light allows the world to take shape.
Without it, everything dissolves into
nothingness.

the world to life in an instant.

Light is pure and luminescent...
Revealing the simple beauty
that surrounds us.

BLOW

designed by Tomas Kral

An extraordinary and original piece created by the Swiss-based and award-winning designer Tomas Kral. "The two parts of the lamp are assembled together by simple rubber bands which refer to the top of a hot-air balloon. This minimal connection creates a tension sufficient to maintain the stability of the lamp, and also allows quick disassembly for changing the bulb." Light and airy, the lamp, though sturdy, seems to float.

Lead-free* Crystal Glass—Its Benefits.

As you know, design itself is never enough. The hospitality industry is built on usability, longevity, and efficiency. NUDE understands this and holds these values at a premium. There are specific benefits of using lead-free* crystal glass—some practical, some aesthetic.

Our machine-made crystal offers high durability thanks to its composition and manufacturing process. It has a ~99%** transmission of light and the glass itself has a refractive index of >1.520 , reducing chromatic aberration and intensifying its sparkle. The glass is also distinguished by its superior sound, delivering a sharper, more resonant ring. Our glassware can thus be appreciated by all four senses!

*NUDE Lead-Free Crystal Glass falls in the category 3 according to the European Directive 69/493/EEC (Crystal Directive) with no intentionally added lead.

**According to ISO IWA-8 "Tableware giftware jewellery luminaries – Glass clarity – Classification and test method"

- Lead-free* / Ultra clear **crystal glass**
- Dishwasher safe up to **2,000* cycles**
- Lightness ~ **99%****
- Refractive index **>1.520**
- Distinguished by its **superior sound**
- Special composition and manufacturing process rendering **high durability**

Zero Family is resilient up to 13°

PROVEN BY STRENGTH TESTS

Free Fall

NUDE lead-free* crystal glasses are dropped free from a higher level on a metal plate.

Impact

NUDE lead-free* crystal glasses undergo hits one after another, with increasing impacts.

Flexibility

NUDE lead-free* crystal glasses are bent by exerting increasing strain through the stem.

*NUDE Lead-Free Crystal Glass falls in the category 3 according to the European Directive 69/493/EEC (Crystal Directive) with no intentionally added lead.
